

## **Massachusetts Package Stores Association Partners with Intellicheck to Offer Age ID**

MELVILLE, NY – July 31, 2018 - [Intellicheck](#) (NYSE AMERICAN: IDN), an industry leader in identification authentication solutions, today announced a partnership with the Massachusetts Package Stores Association. The not-for-profit trade organization will be partnering with Intellicheck to make [Age ID™](#) available to its hundreds of members throughout the state. Age ID authenticates driver licenses and other forms of identification to prevent the use of altered and fake IDs when making age restricted product purchases.

Massachusetts Package Stores Association Executive Director and General Counsel Robert Mellion said fraudulent IDs are a serious problem. “The risks associated with fake IDs are about far more than legal and regulatory compliance. Our members are residents and neighbors in hundreds of communities across the state of Massachusetts. This is about the safety of our family and friends, too. Preventing underage access to alcoholic beverages has become extremely challenging because of the high-tech fake IDs that young people can so easily purchase. Our partnership with Intellicheck means we are providing our members with the ability to take advantage of the industry leading technology that will instantly and inexpensively catch these fake IDs and demonstrates just how seriously we take our responsibilities,” he said.

The Massachusetts Package Stores Association represents the interests of family and independently-owned alcoholic beverage retailers across Massachusetts. The Association's mission is to provide services to its members that are not available to them as individuals and to use the collective strength of its membership to address their issues and needs.

Intellicheck President and CEO Bryan Lewis said the company's state-of-the-art technology will have an enormous impact. “Age ID has made a demonstrable difference in preventing underage access to alcoholic beverages and other age restricted products including e-cigarettes, tobacco and cannabis for retailers nationwide. Our technology solutions' track record speaks volumes

about what members of the Massachusetts Package Stores Association will now be able to experience. With a 99.99% accuracy rate in catching fake and altered IDs, we are confident that our partnership will make an important contribution to the safety of the communities these member businesses serve and will provide them with an important tool in meeting their regulatory and legal requirements. We welcome the Massachusetts Package Stores Association to our extensive group of partners who include hundreds of businesses, law enforcement and compliance agencies across the country.”

Age ID authenticates IDs and verifies age information in real-time. Simple to adopt and deploy, Age ID is easily implemented on mobile devices including smartphones and tablets and can be integrated with point-of-sale solutions. The cutting-edge technology solution draws on a comprehensive, proprietary database, updated on an ongoing basis, to ensure information is timely and accurate.

**Safe Harbor Statement**

Statements in this news release about Intellicheck’s future expectations, including: the advantages of our products, future demand for Intellicheck’s existing and future products, whether revenue and other financial metrics will improve in future periods, whether Intellicheck will be able to execute its turn-around plan or whether successful execution of the plan will result in increased revenues, whether sales of our products will continue at historic levels or increase, whether brand value and market awareness will grow, whether the Company can leverage existing partnerships or enter into new ones, and all other statements in this release, other than historical facts, are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995 (PSLRA). These statements, which express management’s current views concerning future events, trends, contingencies or results, appear at various places in this website and use words like “anticipate,” “assume,” “believe,” “continue,” “estimate,” “expect,” “forecast,” “future,” “intend,” “plan,” “potential,” “predict,” “project,” “strategy,” “target” and similar terms, and future or conditional tense verbs like “could,” “may,” “might,” “should,” “will” and “would” are forward-looking statements within the meaning of the PSLRA. This statement is included for the express purpose of availing Intellicheck, Inc. of the protections of the safe harbor provisions of the PSLRA. It is important to note that actual results and ultimate corporate actions could differ materially from those in such forward-looking statements based on such factors as market acceptance of Intellicheck’s products and the presently anticipated growth in the commercial adoption of the Company’s products and services,

changing levels of demand for Intellicheck's current and future products, Intellicheck's ability to reduce or maintain expenses while increasing sales, customer results achieved using our products in both the short and long term, success of future research and development activities, Intellicheck's ability to successfully manufacture, market and sell its products, Intellicheck's ability to manufacture its products in sufficient quantities to meet demand within required delivery time periods while meeting its quality control standards, any delays or difficulties in the Company's supply chain, the success of the Company's sales and marketing efforts coupled with the typically long sales and implementation cycle for its products, Intellicheck's ability to enforce its intellectual property rights, changes in laws and regulations applicable to the Company's products, the Company's continued ability to access government-provided data, the risks inherent in doing business with the government including audits and contract cancellations, liability resulting from any security breaches or product failure, and other risks detailed from time to time in Intellicheck's reports filed with the SEC. We do not assume any obligation to update the forward-looking information.
