

Kansas ABC Combats Underage Drinking with Intellicheck's Age ID

MELVILLE, NEW YORK –September 5, 2018 – Kansas Alcoholic Beverage Control (ABC) is using Intellicheck's (NYSE AMERICAN: IDN) Age ID™ throughout the state to strengthen underage drinking enforcement. Adoption of Age ID comes following the highly successful test of the transformative SaaS technology solution during spring break. Quickly and easily deployed on mobile devices including smartphones and tablets, Age ID implementation is expected to be particularly focused on communities where higher education institutions are located. Age ID authenticates driver licenses and other forms of identification to prevent the use of altered and fake IDs.

“We are very pleased to welcome Kansas to the expanding group of enforcement agencies nationwide that are effectively using Age ID to curb underage access to alcohol and all age-restricted products,” said Intellicheck CEO Bryan Lewis. “We believe that we will continue to see a steady growth in adoption of our state-of-the-art technology solution because of its exceptional track record of delivering pivotal mission successes,” Lewis concluded.

Kansas Alcoholic Beverage Control is a division of the Kansas Department of Revenue. The ABC enforcement agency works to combat the risks involved with underage drinking and develop methods to reduce underage drinking and the many other problems associated with it. ABC enforcement agents are certified law enforcement officers who work cooperatively with other state agencies, local agencies, all law enforcement agencies, community coalitions and the alcoholic beverage industry. Headquartered in Topeka, Kansas, agents are located throughout the state and work in all 105 counties.

Age ID authenticates IDs and verifies age information in real-time with 99.9% accuracy. The cutting-edge technology solution draws on a comprehensive, proprietary database, updated on an ongoing basis, to ensure information is timely and accurate.

Safe Harbor Statement

Statements in this news release about Intellicheck's future expectations, including: the advantages of our products, future demand for Intellicheck's existing and future products, whether revenue and other financial metrics will improve in future periods, whether Intellicheck will be able to execute its turn-around plan or whether successful execution of the plan will result in increased revenues, whether sales of our products will continue at historic levels or increase, whether brand value and market awareness will grow, whether the Company can leverage existing partnerships or enter into new ones, and all other statements in this release, other than historical facts, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 (PSLRA). These statements, which express management's current views concerning future events, trends, contingencies or results, appear at various places in this website and use words like "anticipate," "assume," "believe," "continue," "estimate," "expect," "forecast," "future," "intend," "plan," "potential," "predict," "project," "strategy," "target" and similar terms, and future or conditional tense verbs like "could," "may," "might," "should," "will" and "would" are forward-looking statements within the meaning of the PSLRA. This statement is included for the express purpose of availing Intellicheck, Inc. of the protections of the safe harbor provisions of the PSLRA. It is important to note that actual results and ultimate corporate actions could differ materially from those in such forward-looking statements based on such factors as market acceptance of Intellicheck's products and the presently anticipated growth in the commercial adoption of the Company's products and services, changing levels of demand for Intellicheck's current and future products, Intellicheck's ability to reduce or maintain expenses while increasing sales, customer results achieved using our products in both the short and long term, success of future research and development activities, Intellicheck's ability to successfully manufacture, market and sell its products, Intellicheck's ability to manufacture its products in sufficient quantities to meet demand within required delivery time periods while meeting its quality control standards, any delays or difficulties in the Company's supply chain, the success of the Company's sales and marketing efforts coupled with the typically long sales and implementation cycle for its products, Intellicheck's ability to enforce its intellectual property rights, changes in laws and regulations applicable to the Company's products, the Company's continued ability to access government-provided data, the risks inherent in doing business with the government including audits and contract cancellations, liability resulting from any security breaches or product failure, and other risks detailed from time to time in Intellicheck's reports filed with the SEC. We do not assume any obligation to update the forward-looking information.
